<p><i>Helping to power the Electron Transport Process (ETP)</i></p>	<p><i>Providing non-adulterated, clean, nutritional support</i></p>	<p><i>Accelerates transition to ketosis, while relaxing fat levels</i></p>	<p><i>Targeted energy boost</i></p>	<p><i>Specialized formulas to aid management of IEMs</i></p>

PRODUCT DETAILS

Product	Disease/Condition	Key/Active Ingredient and differentiator
Cyto		
Cyto B1	Mitochondrial Cytopathies, Thiamine-Responsive Disorders	Unflavored 33% Vitamin B1 powder (Thiamine), high concentration and soluble
Cyto B2	Mitochondrial Cytopathies, Glutaric Acidemia	Unflavored 33% Vitamin B2 (Riboflavin) powder, microencapsulated and Unflavored
Cyto B7	Mitochondrial Cytopathies, Biotinidase Deficiency	Unflavored 5mg/ML Vitamin B7 (Biotin) liquid for oral or tube feeding
Cyto Carn	Mitochondrial Cytopathies, Fatty Acid Oxidation Disorders (FAOD)	Unflavored 80% Acetyl L-carnitine powder, high concentration
Cyto RALA	Mitochondrial Cytopathies	Unflavored 80% R-Alpha Lipoic Acid powder, it's sodium-stabilized for enhanced absorption and only in R-form
Cytolline	Mitochondrial Cytopathies, MELAS, Urea Cycle Disorders, NO2 Production	Unflavored 100% L-Citrulline powder, pure and soluble
Cyto-Q	Mitochondrial Cytopathies	Flavored 8mg/mL Uiquinol liquid (reduced form of Co-Q10)
Cyto-Q MAX	Mitochondrial Cytopathies	Unflavored 100mg/mL Uiquinol liquid (reduced form of Co-Q10), high concentration
Cyto-Q t/f	Mitochondrial Cytopathies	Unflavored 8mg/mL Uiquinol liquid (reduced form of Co-Q10), designed for tube feeding
Cytose	Mitochondrial Cytopathies	Unflavored 100% D-Ribose soluble powder. The rate limiting co-factor in energy production in anaerobic or compromised mitochondria
Cytotone Powder	Mitochondrial Cytopathies	Flavored 100mg/mL creatine monohydrate liquid, pH-balanced form to increase adsorption and reduce production of creatinine
SolMods		
PureCarb	General	Unflavored 100% carb powder. Starches and low-glycemic carbohydrates
neoKe		
neoKe BCAA4	Fatty Acid Oxidation Disorders (FAOD), Epilepsy, Keto Diet	Unflavored 100% BCAA powder, instantized, 2X amount of Leucine
neoKe BHB	Multiple acyl-CoA dehydrogenase deficiency (MADD), Keto Diet, Mitochondrial Cytopathies	Flavored 0.7% Beta-Hydroxybutyrate (BHB) powder, mix of Calcium and Magnesium salts
neoKe MCT70	Fatty Acid Oxidation Disorders (FAOD), Keto Diet	Unflavored 70% medium chain Triglyceride (MCT) powder, soluble

Product	Disease/Condition	Key/Active Ingredient and differentiator
Metabolics		
CholexMAX	Smith-Lemli-Opitz syndrome (SLOS), Cholesterol Synthesis Disorders	Unflavored 100% cholesterol non-soluble powder
Cholextra t/f	Smith-Lemli-Opitz syndrome (SLOS), Cholesterol Synthesis Disorders	Unflavored 10% cholesterol powder, soluble and designed for tube feeding
Galaxtra	Congenital Disorders of Glycosylation PGM1	Unflavored 100% D-Galactose powder, non-GMO, and plant-based
GlyMax	Multiple acyl-CoA-dehydrogenase deficiency (MADD), Organic Acidemias	Glycine, pure, soluble & slight sweet tasting
MannXtra	Congenital Disorders of Glycosylation PGM1b	Unflavored 100% D-Mannose powder, soluble, and hypoallergenic
LDL Care	Errors of Lipid Metabolism such as Hypercholesterolemia, or Hyperlipidemia	Unflavored 100% plant stanol & sterol powder, dispersible
VB6 P5P	Vitamin B6 Responsive Disorders	Unflavored 10% Vitamin B6 Pyridoxal 5-Phosphate (P5P) powder, soluble, reduced form for enhanced absorption
PreKUnil LNAA Tablets	Phenylketonuria (PKU)	Unflavored, Large Neutral Amino Acids, Slow-Release Tablets protect the brain from Phe
NeoPhe LNAA Tablets	Phenylketonuria (PKU)	LNAA + vitamins and minerals, Double Protection from Phe
NeoPhe Powder	Phenylketonuria (PKU)	LNAA + vitamins
NanoVM		
NanoVM 1-3	Epilepsy, Autism, Food allergies, Keto diet	Unflavored 14 vitamins, 13 minerals plus Choline powder, low-carb for ages 1-3
NanoVM 4-8	Epilepsy, Autism, Food allergies, Keto diet	Unflavored 14 vitamins, 13 minerals plus Choline powder, low-carb for ages 4-8
NanoVM 9-18	Epilepsy, Autism, Food allergies, Keto diet	Unflavored 14 vitamins, 13 minerals plus Choline powder, low-carb for ages 9-18
NanoVM t/f	Epilepsy, Autism, Food allergies, Keto diet	Unflavored 14 vitamins, 13 minerals plus Choline powder, soluble, low-carb for tube feeding
NanoVM Adult	General	Unflavored 13 Vitamins & 13 Minerals powder, low-carb for adults
NanoVM Senior 7H	General	Unflavored 13 Vitamins & 13 Minerals powder, low-carb for seniors
