

**Directions of Use:** NeoKe™ BCAA4 is soluble in formula and can be consumed either orally or via tube feeding. The daily intake of NeoKe BCAA4 powder is to be determined by your physician or dietitian.

#### Oral Feeding

1. Measure (using the scoop provided or a gram scale) the recommended amount of NeoKe BCAA4 powder.
2. Consume powder by either sprinkling on food or into liquids, or taking directly by mouth followed with water.
3. For tube feeding, add powder in single scoop increments to the formula (room temperature or cold) and stir well. Stir or agitate tube feeding mixture if NeoKe BCAA4 separates from formula during feeding. NeoKe BCAA4 powder and formula mixture should be used within 4 hours.

**Warning:** Not for parental use. Not for use as a sole source of nutrition. Only for individuals with Cachexia and conditions managed by the Ketogenic Diet. Contains soy. **Use under medical supervision.**

**Storage:** Unopened bottles should be kept in a cool, dry place. Reseal unopened bottles, stores in a refrigerator and use within three months.
