

**Directions of Use:** NeoKe MCT70™ is soluble in water and can be consumed either orally or via tube feeding. The daily intake of NeoKe MCT70 powder is to be determined by your physician or dietitian.

#### Oral or Tube Feeding

1. Measure (using the scoop provided or a gram scale) the recommended amount of NeoKe MCT70 powder.
2. For oral, consume powder by either sprinkling on food or into liquids, or taking directly into mouth followed by water.
3. For tube feeding, add powder in 6 g (one scoop) increments to the formula (room temperature or cold) and stir well. Stir or agitate tube feeding mixture if NeoKe MCT70 separates from formula during feeding. NeoKe MCT70 powder and formula mixture should be used within 4 hours

**Warning:** Not for parental use. Not for use as a sole source of nutrition. Only for individuals with Fatty Acid Metabolism Disorders or conditions managed by the Ketogenic Diet. Contains lactose. **Use under medical supervision.**

**Storage:** Unopened bottles should be kept in a cool, dry place. Reseal unopened bottles and use within three months.
