

Directions for Use

Daily intake to be determined by your healthcare professional specialized in mitochondrial diseases. May be consumed orally or tube fed.

1. Gently hold the liquipak so that the liquid is not forced to the top.
2. Open the liquipak by using the tear tabs or cut along the top with scissors.
3. Pour contents of liquipak into mouth or add to beverage and consume immediately.
4. Discard all opened liquipaks even if liquid is leftover.

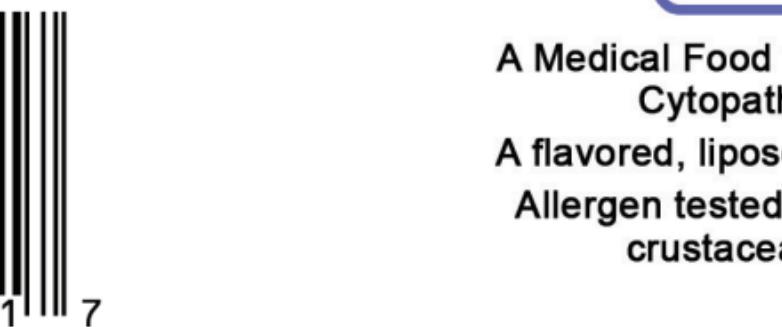

Warning

Not for parenteral use. Not for use as a sole source of nutrition. Only for individuals with Mitochondrial Cytopathies or inborn errors of metabolism. Cyto-Q is oxidized when exposed to air. Consume liquipaks after opening and discard any left over liquid.

Use under medical supervision.

Storage

Store in a cool, dry place away from direct sunlight. Once opened, contents of liquipak must be consumed immediately. Discard opened liquipak and left over Cyto-Q liquid.

Net: 30 liquipaks
1 liquipak = 10 mL = 80 mg Ubiquinol

Cyto-Q[®]

Orange-pineapple Flavored Ubiquinol

Nutrition Information

	Per 1 mL
Calories	5
Carbohydrate, g	0.002
Protein, g	0
Fat, g	<1
Trans, g	0
Vitamins	
Ubiquinol, mg	80
Vitamin E, mg	0.06

Other ingredients: Purified water, caprylic triglyceride, propylene glycol, natural orange flavor, natural pineapple flavor, sunflower lecithin, polyglycerol esters, alcohol, phosphoric acid, ascorbic acid, potassium sorbate, alpha tocopherol, benzyl alcohol, ascorbyl palmitate, and sucrose

Rev. 2202202307

A Medical Food for use in the dietary management of Mitochondrial Cytopathies and other Inborn Errors of Metabolism.

A flavored, liposomal ubiquinol dispersion for enhanced absorption.

Allergen tested at No Detectable Limit (NDL) for eggs, dairy, fish, crustacean, soy, corn gluten, tree nuts, and peanuts.

Protected by US patents:
6,300,377 / 6,441,050 / 6,056,971
