

### Directions for Use

Use as prescribed by your medical professional. Daily intake to be determined by your medical professional specialized in mitochondrial disorders. Each liquipak contains 80 mg of available Ubiquinol.

1. Gently hold the liquipak so that the liquid is not forced to the top.
2. Open the liquipak by using the tear tabs or cut along the top with scissors.
3. Pour contents of liquipak into mouth or add to beverage and consume immediately.
4. Discard all opened liquipaks even if liquid is leftover.

### Warning

Not for parenteral use. Not for use as a sole source of nutrition. Only for individuals with Mitochondrial Cytopathies or inborn errors of metabolism. Cyto-Q is oxidized when exposed to air. Consume liquipaks after opening and discard any left over liquid.

**Use under medical supervision.**

### Storage

Store in a cool, dry place away from direct sunlight. Once opened, contents of liquipak must be consumed immediately. Discard opened liquipak and left over Cyto-Q liquid.
